Biryani II

This particular dish has more of an Indian flavor to it than the other biryani recipe.

Serves 6.

Ingredients

1 lb meat (chicken/mutton), cut into 1 1/2" cubes
2 cups rice, washed and drained
1/3 cup raisins
1/3 cup green peas (optional)
1/3 cup cashew nuts
5 cloves garlic, minced
1 inch piece of ginger, finely grated
1 tsp chillie powder
1 tbsp curry powder
2 medium onions, sliced into rings
2 medium tomatoes, diced
5 mint leaves
1/2 tsp of turmeric
3 large potatoes, peeled and diced
5 tbsp butter or ghee
3 cardamoms
3 cloves
2 inch stick of cinnamon
salt to taste

Method

Saute the onions and the cashew in the butter until golden brown, about 5-7 minutes. Add the green peas and raisins and fry for a few more minutes. Remove from the fire, and put them aside.

Put the ginger, garlic, chillie powder, curry powder into the same pan used above and saute for 3-4 minutes. Add the meat and saute. Mutton should be sautéed for about 7-8 minutes, while the chicken will take about 4-5 minutes. The meat should be about half cooked at the end of this step.

Add chopped tomatoes, cloves, cinnamon, cardamoms, turmeric, mint leaves and salt and saute for 2 minutes. Add a little water and cook until the meat is almost cooked. Now add the rice and potatoes. Add the rest of the water and simmer covered, on a very low flame for 15-20 minutes, until the rice is cooked.

If you are using a rice cooker the transfer the meat to the rice cooker, add the rice and sufficient water and cook according to directions.

Serve hot, garnished with the fried onions.
Aappa (Hoppers)

Posted by Padmaja on October 01, 1997

Ingredients

1 tsp yeast granules  
2 tbsp + 1 tsp sugar  
1/4 tsp salt  
2/3 + 1/4 cups coconut cream  
2 cups rice flour

Method

Mix the yeast granules in 1 tsp sugar and the salt in half cup of warm water and leave for 15 minutes until frothy.

Mix 2/3 cups of coconut cream and 1 cup of water. Put the rice flour into a large bowl and add the yeast mixture.

Next add the diluted coconut cream, little at a time to make a batter like pancake batter. If more liquid is needed, add more water.

Now cover the bowl with a wet cloth and leave for about eight hours in a warm place. The batter should rise to double the original amount.

Finally before preparation, mix 1/4 cup coconut cream and 2 tbsp sugar and stir well. If more liquid is needed, add more water.

Soak a small piece of cloth in oil and a saucer.

Heat the pan (thachhiya) on medium. When hot rub the pan thoroughly with the oiled-cloth. Add about 3 tbsp of the batter to the pan and turn the pan so that the batter sticks to the sides of the pan.

Cover and cook for about a minute under low-medium heat. Use a butter knife to loosen the edges of the hopper and serve hot.

Note: If the hoppers difficult to remove from the pan, add a beaten egg to the batter and stir well. It is best to keep this pan solely for the purposes of making hoppers

Pol Sambol

Posted by Chriz Greacen on February 07, 1998

I love Sri Lankan food. One of my absolute favorite is Pol Sambol.

Ingredients:
1 fresh coconut
1/2 red onion finely diced
2 limes
1 tbsp of chili powder

Equipment:
1 bowl
1 coconut shaver

Steps:
1. Crack the coconut in half and pour the juice into a glass. You'll want to sip on the juice while you scrape the coconut; its tough work if you're not used to it.
2. Shave both halves of the coconut into your bowl.
3. Make sure your red onion is finely diced and add it to the coconut.
4. Add the chili powder.
5. Add the juice of 1 of the limes into the bowl.
6. Mix well. The sambol should be moist and reddish (from the chili powder).
7. Add another half-limes worth of juice.
8. Mix a little more.
9. Serve!

Pol Sambol could be served with every Lankan meal. It goes really well with a little parripu and string hoppers. Make some up and serve it to your american friends as a dip with potato chips for a party. It's great stuff!

Karavila (bitter gourd) with Eggs

Posted by Sachini on January 22, 1998

Ingredients

1/2 lb Karavila (bitter melon or bitter gourd)
1 tbsp salt (or to taste)
1 scallion (loonu kola)
2 medium-sized onions
4 tbsp veg oil
6 cloves garlic, minced
3 small tomatoes, chopped
3 large eggs, lightly beaten

Trim away the two pointed ends of the Karavila and cut them in half lengthwise. Remove the pale, seeded section with a spoon and discard it. Cut the darker green outer shells crosswise, at a slight diagonal, into 1/4 inch wide strips. Prepare a solution of 2 cups water and 1 tbsp salt in a bowl. Put the Karavila strips into this bowl and set aside for 2 hours.

Drain the Karavila and rinse the strips under running water. Drain again and pat dry.

Cut the scallion into 2 inch lengths and then cut each section lengthwise into thin strips. Peel the onions and cut them in half lengthwise; then slice them into fine half rings.

Heat the oil in a skillet over a medium flame. When hot, put in the garlic, fry until garlic is light brown. Add the onions. Stir and fry for 2 minutes. Add tomatoes. Stir and fry 2 minutes. Add Karavila, turn down the heat. Stir occasionally and fry around 10 minutes or until Karavila is tender.

Stir in beated eggs and the salt. Stir and cook as you would scrambled eggs until eggs have reached a consistency you like. Remove from heat, add scallion strips and serve.

INGREDIENTS:

1 medium size ripe whole papaya
1 small pkg. Lime jello powder
* cup boiling water
1/4 cup cold water

METHOD:

Pour the hot water into a small bowl and first dissolve the jello powder. Then add the cold water, mix well and leave to cool (do not let it set).

In the meantime cut the top of the papaya making an opening big enough so that you can put a teaspoon inside and scoop out the seeds. Make sure you take out all the seeds.

Place the papaya cut side up in a small container so that the fruit won't move. Pour enough jello liquid to reach the top, put back the piece of papaya that you cut off. Place in the refrigerator until the jello is set. Cut it in quarters and serve with Vanilla ice cream.
